There are various reasons to order a delicious lunch at the office. During a work meeting with colleagues, a meeting with your clients or just because you feel like it. A lunch from Smaakcreatie is always a surprise with colorful salads, richly filled rolls, delicious wraps, fresh juice or a smoothie, homemade cakes, you name it. You tell us what you prefer, meat, fish, vegetarian or a mix of these. Corine then takes up the challenge to create a delicious surprising lunch based on your wishes. The lunch is served with a plate, cutlery and napkins.

The cost of a complete lunch is € 13.50 per person excluding VAT and is available from two persons and more.

It is also possible to order a 'shared lunch'. The shared lunch is a platter filled with various savory and sweet delicacies, which you can easily share with each other. It can also be ordered as a platter for aperitives in the afternoon.

The cost of a shared lunch is € 9.50 per person excluding VAT and is available from four people.
